**Open to Global Relocation**

## PROFESSIONAL SUMMARY

Results-driven Senior Frontend Engineer and UI/UX Designer with 5+ years of experience building high-performance web and mobile applications for enterprise and consumer products across international markets. Delivered production apps serving 500K+ users for leading luxury retail brands at Chalhoub Group (Dubai, UAE) and global aviation logistics platforms at Unilode Aviation Solutions. Specialized in React, React Native, Next.js, and TypeScript with proven expertise in design systems, bilingual/multilingual interface development, performance optimization, and WCAG accessibility compliance. Experienced in integrating payment gateways, BNPL solutions, CMS platforms, and marketing automation tools. Strong background in cross-functional collaboration within multicultural, distributed teams using Agile methodologies. Proven track record of reducing deployment time by 40%, improving customer retention by 25%, and increasing order conversion by 18% through data-driven UI/UX enhancements.

## TECHNICAL SKILLS & CORE COMPETENCIES

| | |
|---|---|
| **Frontend** | React.js, React Native, Next.js, TypeScript, JavaScript (ES6+), HTML5, CSS3, Redux, Redux Saga, Zustand, Flexbox, Responsive Web Design, Tailwind CSS |
| **UI/UX Design** | Figma, Adobe XD, Sketch, Adobe Illustrator, Photoshop, Zeplin, InVision, Framer, Miro, Axure, Storybook |
| **Design Skills** | UI Design, UX Design, Wireframing & Prototyping, Design Systems, Information Architecture, Interaction Design, WCAG 2.1 / A11Y Accessibility, Mobile-First Design, Multilingual / RTL Layout Design, Design Thinking |
| **API & Backend** | REST APIs, GraphQL, Node.js, Firebase, Contentful CMS, Salesforce Marketing Cloud, RabbitMQ |
| **Mobile** | React Native (iOS & Android), Xcode, Android Studio, Gradle, BLE/IoT Integration, In-App Payments, BNPL Integration, Geolocation Services, AR Features |
| **DevOps & Tools** | Git, GitHub, GitLab, CI/CD (Bitrise, Azure DevOps), Webpack, npm, Netlify, Vercel, Jira, Google Analytics |
| **Methodologies** | Agile (Scrum, Kanban), Cross-functional Collaboration, Code Review, Performance Optimization, Unit Testing, Requirement Analysis, Prompt Engineering |
| **Languages** | English (Fluent) • Hindi (Native) • Urdu (Native) • Arabic (Basic) |

## PROFESSIONAL EXPERIENCE

### Senior Frontend Engineer & UI/UX Designer

Apr 2024 – Present

Unilode Aviation Solutions — Bangalore, India

*Leading frontend development and UI/UX design for enterprise aviation cargo logistics applications deployed across 550+ airports worldwide.*

- Spearheaded full development cycle of mobile and web applications using React, React Native, and Next.js, delivering real-time tracking dashboards, equipment management systems, and performance analytics portals for global airline carriers.
- Architected UI/UX improvements through user research and iterative design in Figma, measurably enhancing user engagement and reducing task-completion time across the Customer Portal serving 200+ enterprise clients.
- Implemented enterprise CI/CD pipelines using Bitrise and Azure DevOps, reducing deployment time by 40% and eliminating manual release bottlenecks across web and mobile platforms.
- Developed the E-ULD system with complex BLE tag scanning, IoT integration, and real-time data synchronization, deployed across 550+ airports, improving operational efficiency by 35%.
- Established code review standards and mentored 3+ junior developers on React best practices, component architecture, accessibility compliance, and clean code principles.
- Collaborated with cross-functional teams (Operations, Digital, Product, Marketing) to translate business requirements into scalable technical solutions using Agile/Scrum methodology.

> **Tech Stack:** React, React Native, Next.js, TypeScript, Redux, Firebase, GraphQL, REST APIs, Node.js, Contentful CMS, Figma, Azure DevOps, Bitrise, RabbitMQ

### Senior Software Engineer & UI/UX Contributor

Apr 2021 – Mar 2024

Chalhoub Group (via Retail Insights) — Dubai, UAE

*Engineered mobile and web solutions for leading luxury retail brands (Tanagra, Faces Beauty) across UAE and Middle East markets, serving diverse multilingual user bases.*

- Led development of 4+ production mobile applications using React Native and React.js, delivering to iOS and Android platforms serving 500K+ active users across multiple international markets.
- Designed and implemented UI/UX features including Wishlist, cart management, personalized recommendations, and loyalty program integration — improving customer retention by 25%.
- Pioneered BNPL (Buy Now, Pay Later) integration with Tamara and Tabby SDKs, enabling flexible payment options that directly increased order conversion rates by 18%.
- Delivered bilingual (Arabic/English) interfaces with full RTL support, implementing multilingual content management through Contentful CMS and Firebase Remote Config for seamless localization.

**Senior Software Engineer & UI/UX Contributor** — Chalhoub Group (via Retail Insights)

- Built the Tanagra luxury e-commerce app featuring AR-powered 360° product viewing, processing 250K+ transactions with a 4.8-star app store rating.
- Developed a custom React hooks library that reduced code duplication by 40%, improving development velocity and maintainability across multiple product codebases.
- Optimized application performance through code splitting, lazy loading, and caching strategies — reducing load times by 35% and improving Core Web Vitals scores.
- Implemented WCAG 2.1 accessibility standards and A11Y best practices, ensuring inclusive applications for diverse user demographics.
- Managed complex third-party integrations including Salesforce Marketing Cloud, Checkout.com payment processing, and multi-language/multi-currency support systems for global markets.

> **Tech Stack:** React Native, React.js, Next.js, Redux Saga, TypeScript, JavaScript (ES6), Firebase, Contentful CMS, GraphQL, REST APIs, Figma, Adobe XD, Xcode, Android Studio, Bitrise

## KEY PROJECTS

**Tanagra — The Art of Living** — Luxury E-Commerce Mobile App — MULTI-MARKET (UAE, SAUDI ARABIA, MIDDLE EAST)

- Full-stack luxury homeware shopping platform with user authentication, advanced search & filtering, real-time order tracking, AR-powered 360° product viewing, and multilingual (Arabic/English) support with RTL layout.
- Integrated in-app payments, BNPL (Tamara & Tabby), loyalty gift cards, e-Wallet, Salesforce Marketing Cloud push notifications, and deep linking. Processed 250K+ transactions, maintained 4.8-star rating.

**Faces Beauty** — Retail E-Commerce (Mobile & Web) — INTERNATIONAL MARKETS

- Beauty retail platform (perfume, skincare, makeup) with OAuth login, Wishlist, cart management, in-app payments, BNPL integration, real-time tracking, coupon management, GWP promotions, and loyalty integration.

**Unilode E-ULD System** — Enterprise IoT Logistics Platform — 550+ AIRPORTS WORLDWIDE

- Enterprise equipment tracking with BLE tag scanning, IoT integration, real-time synchronization, sensory data monitoring, multilingual interface, airport inventory management, and task workflows. Improved operational efficiency by 35%.

**Customer Portal Dashboard** — B2B Analytics Dashboard — 200+ ENTERPRISE CLIENTS

- B2B portal for airline carriers with performance metrics (UCM, SCM), chargeable stock views, inventory management, work order tracking, contract management, and billing integration. Built with React, Next.js, TypeScript, Redux, REST API.

## EDUCATION

**Bachelor of Engineering (B.E.) in Electronics & Communication** — Jul 2016 – Aug 2020

Ghousia College of Engineering, Bangalore, India

CGPA: 6.7 / 10

## CERTIFICATIONS & PROFESSIONAL DEVELOPMENT

**Completed**

- AI for Designers — Interaction Design Foundation (IxDF) (2025) • Top 10% Course-Taker
- Agile Methods for UX Design — Interaction Design Foundation (IxDF) (2025) • Top 10% Course-Taker
- Design for a Better World with Don Norman — Interaction Design Foundation (IxDF) (2025) • Top 10% Course-Taker
- Responsive Web Design — freeCodeCamp (2023)
- AI Workplace Proficiency — Superhuman AI Academy (2024)

**In Progress (IxDF Advanced UX)**

- Design Thinking: The Ultimate Guide — IxDF
- User Experience: The Beginner's Guide — IxDF
- Personas and User Research — IxDF
- UX Management: Strategy and Tactics — IxDF
- Emotional Design: How to Make Products People Will Love — IxDF
- The Practical Guide to Usability — IxDF
- Object-Oriented UI Design: Build Interfaces Users Love — IxDF

> **IxDF Distinctions Awarded:** Certified Course Completer • Community Influencer • Local Group Member • Top 10% Course Taker
